

ENVIRONMENTAL POLICY STATEMENT

OUR STATEMENT OF POLICY FOR THE ENVIRONMENT IS AS FOLLOWS:

Taclus Confidential recognizes its responsibility to minimize the impact of its operation on the environment and seeks to achieve this through a programme of continual improvement.

Taclus Confidential will endeavor to carry out all work procedures in accordance with all relevant environmental legislation and ensure that all staff are aware of their responsibilities to reduce the impact on the environment.

Taclus Confidential adopts this policy in an effort to conserve valuable resources, improve waste minimization and prevention of pollution.

Implementation of this policy will take place in conjunction with the Quality and Health and Safety Policy where appropriate.

Taclus Confidential is committed to:

- Fulfilling the requirements for ISO 14001.
- Promoting energy efficiency in order to reduce green house gas emissions.
- Reducing the generation of waste materials and air pollutants in the workshop.
- Increasing waste recycling and decreasing waste sent to landfill.
- Quantifying and monitoring all significant environmental impacts on the business.
- Continually improving recycling processes to maximise efficiency.
- Working with suppliers to encourage awareness of best practice regarding environmental issues.
- Educating employees to be environmentally responsible in their work.
- Set, achieve and work to continuously improving targets through an action plan.
- Reviewing this policy annually.

This policy is available to the general public or other interested parties by request.
